---

## BUSINESS EXPERIENCE

- 2026 - 2026**     **DELOITTE, Dubai, United Arab Emirates**  
**Strategy & Transactions**  
**Intern - Government and Infrastructure**
- Starting in July 2026 until October 2026.
- 2025 - Present**   **ENGINUITY AI, London, United Kingdom (Remote)**  
**AI SaaS Start-up**  
**Intern (Part-time)**
- Developing an IP-linked events database by sourcing and evaluating public-sector, market news, PE/VC, industry trend, and macroeconomic data feeds to build a patent demand-scoring index.
  - Produced investor-ready pitch decks and supporting materials for fundraising discussions, translating strategic narratives into clear, visually compelling presentations for £270k funding round.
  - Constructed a fully loaded pricing model across 8 product features and 4 cost layers to derive a credit cost floor and inform go-to-market pricing strategy.
- 2024 - 2024**     **FRANKLIN TEMPLETON, Edinburgh, United Kingdom**  
**Investment Manager**  
**Summer Analyst - Martin Currie Investment Management in the Investment Data and Analytics Platform**
- Conducted back-testing and performance attribution analysis for the firm's \$320M Emerging Markets Fund.
  - Modelled sector- and security-level divergences between the fund and benchmark MSCI EM Index to identify drivers of outperformance and underperformance across time periods.
  - Delivered insights into structural constraints — such as internal concentration limits — affecting risk-adjusted returns and hindering tracking alignment with the MSCI EM Index.
  - Built custom Excel-based portfolio analysis tools to support investment research and deepen understanding of fund dynamics and benchmarking.
- 2022 - 2024**     **EDINBURGH UNIVERSITY TRADING AND INVESTMENT CLUB, Edinburgh, United Kingdom**  
**University Finance Club**  
**Industrial Sector Co-Head and Fund Advisory Analyst**
- Mentored seven equity research teams and led weekly seminars on equity valuation methods, teaching DCF, CCA, and risk analysis fundamentals, enhancing the club's research quality and analyst development.
  - Reviewed and guided investment theses, two won the club's "Best Report" and "Best Pitch" awards respectively.
  - Co-authored two investment reports; executed DCF and CCA valuations, industry/market analysis, and risk assessments using Sharpe Ratio and qualitative frameworks.
  - Recommended ASML at ~€400/share and pitch resulted in a fund allocation.
  - Awarded "Best Report" by the investment panel in May 2022 for detailed research and clear valuation rationale.
  - Advised a Hold on Alphabet and a Sell on Bristol-Myers Squibb — both recommendations were implemented.

---
